Activities

On Saturday, September 27th, the Dallas Electric Aircraft Fliers Club (DEAF) held their 28th annual fall fly-in at the DRCC Field.

According to Warren Bean, CD, there were 15 registered pilots plus 4 DRCC members who also signed up to fly. All accounts tell us that this was a well-run and enjoyable event as usual.

Show & Tell

Jody McDaniel brought his 1998 BIG HOTS enlarged from original plans. This 7-foot 7-inch model is powered by an RCG 30 engine. The good looking RED, WHITE & BLUE covering is Monocote. Overall weight is 14 pounds and 6 ounces.

If these models get much larger, Jody will need a moving van to transport them!
